Help Push for OAA Funding Increases: Call Your Senators by April 24!

*Ask Them to Sign on to the Sanders Letter Requesting an Investment in Cost-Effective Older Americans Act Programs*

Senator Bernie Sanders (I-VT) has circulated a letter to his fellow Senators requesting their signatures in support of a request to Senate Appropriations Labor/HHS/Education Subcommittee leaders to increase funding support to Older Americans Act (OAA) programs.

The annual appropriations process that determines FY 2014 OAA funding is just beginning. This letter will be one of thousands sent to the Appropriations Committee’s leaders asking for particular funding levels for thousands of federal discretionary programs.

This is Senator Sanders’ second time taking the lead in circulating such a letter and he is requesting increases in “the programmatic funding levels for all OAA programs and services in the coming fiscal year.” Senator Sanders, who is also the Chairman of the HELP Subcommittee with jurisdiction over OAA reauthorization, goes on to note that “in order for these vital programs just to catch up with the growth in the senior population and the increased costs of services over the past decade, the OAA budget would have to increase by at least 12 percent.”

*To read the Sanders OAA sign-on letter, please see the attached PDF.*

The letter serves as a reminder that OAA programs require increased resources to maintain current programs due to population growth and cost inflation. In fact, n4a’s FY 2014 OAA appropriations request to Congress is built upon that “hold harmless” premise and, very soon, we will launch our annual OAA Appropriations Campaign to help you make the case with your Members of Congress. In the meantime, n4a strongly supports Senator Sanders’ effort.

**We need you to take action early next week to urge your Senators to sign on to this letter to ensure that it receives the strong support needed for the Subcommittee to take this request seriously.**
Signatures are due by close of business on Wednesday, April 24.

**Action Requested:**

→ Contact both of your Senators and ask them to sign on to the letter circulated by Senator Sanders on OAA funding.

✓ **STEP 1:** Call the DC office and ask for the staff member who handles Older Americans Act or appropriations issues. You can reach them through the U.S. Capitol Switchboard at (202) 224-3121.

✓ **STEP 2:** Tell them about the Sanders OAA letter and offer to email them the attached PDF of the letter if they have not already seen it.

✓ **STEP 3:** Let them know exactly why you want the Senator to sign on to the Sanders letter. Give local statistics that demonstrate the need for an increase in OAA funding. If they ask for a staff contact for Senator Sanders, tell them to contact Sophie Kasimow or Erica Solway, telephone “4-5480.” *The deadline for signatures is COB Wednesday, April 24.*

→ **Ask other advocates to do the same!** Urge colleagues, advisory board members, volunteers and clients to make calls to their Senators, as well. We have a short window of opportunity—all signatures need to be on the letter by close of business on Wednesday, April 24—so we need you and your colleagues to act fast!
